### PRICE INFORMATION

***How to read your confidential cost!***

The prices in this catalog are merely suggested retail. Your costs appear as the last numbers after the letter in the stock number. Thus they are easily read, yet concealed.

*Example:*

2 11 4383A1350 ..... $22.50
2 11 4383A is the stock number
1350 is your cost

Thus, the figure 1350 becomes $13.50

The cost is ascertained by pointing off 2 decimal places (from right to left) and adding dollar sign.

*Example:*

3 28 0075 X 4500 ..... $75.00
Stock No. — Your cost $45.00
Taxable Item

Where the stock number ends in V, X, Y, or Z, the item is subject to Federal Excise Tax.

*Quantity Prices Where Indicated Are the Prices of Each Unit*

The suggested list prices as they appear in the catalog are **not** necessarily the usual and customary retail prices in all areas of catalog distribution. They are used as a means of identification of the products and are either suggested by the manufacturer or are determined by applying customary trade markups to the cost of individual items. Federal Trade Commission opinion holds that use of these suggested prices in your advertising may be held to be deceptive price practice unless the prices are the customary selling price of these items in your market.

The merchandise listed in our catalog is available for immediate delivery at our showroom address, except where noted.

**DISTRIBUTION OF OUR CATALOG** is limited to Dealers, who buy merchandise for resale; to business and industrial firms who regularly buy sales incentive awards, business gifts and prizes; and to organizations who buy merchandise in quantity for raising funds, trophies, presentations, and awards.

*The primary objective of the W. BELL & CO. organization is to serve its customers far beyond the accepted "business for profit" motives of most commercial firms. Here, an enterprise dedicated to service, we have a sincere desire to offer the best available merchandise conscientiously served to our customers' complete satisfaction.*

*Our evergrowing list of satisfied friends is truly the measure of our endeavor.*

# *Celestial* DIAMOND RINGS

**RINGS ENLARGED TO SHOW DETAIL**

**WHAT YOU SHOULD LOOK FOR IN CHOOSING YOUR DIAMOND**

**CARAT.** Actually diamonds are measured by weight—carats or fractions of carats (to be technical, one carat equals 100 points, 3.086 grains or 200 milligrams), but perhaps you'll find it easier to think of them in relative size as pictured here.

**COLOR.** When you examine diamonds carefully, you will see that they vary in color, usually from pure white (colorless) through yellowish to brownish and black. Diamonds of pure white command the highest price. Celestial diamonds are pure white.

**CUT.** The sparkling brilliance of a diamond is rooted in its inherent and exceptional power to refract light and in the geometric arrangement and accuracy of its facets. A scientifically proportioned and precisely cut diamond sparkles best. Rough diamonds are cut in various shapes to suit individual tastes and to obtain desired effects in the finished jewelry. The round cut is most popular for engagement rings.

**CLARITY.** Judging a diamond's clarity requires a magnifying glass and skill. A diamond is considered flawless if it shows no imperfections to the trained eye when magnified ten times.

**VALUE.** These four factors—carat, color, cut and clarity—are all considered in appraising the quality and price of your diamond. Before you buy a diamond you should, without fail, examine our Celestial diamonds, and compare them to any other diamonds offered for sale. Considering their high quality, their values are unexcelled. Your complete satisfaction is guaranteed or money will be refunded.

## Leading research organization rates ULYSSE NARDIN as one of the five top quality watches in the world.

From the beginning of every action stands faith.

The settlers in a country, the promoters of a company, all those who did realize any great and lasting accomplishment, at first placed themselves under the protection of God, then relied on their own judgment and courage.

Under these conditions only, men's undertakings are to thrive and survive.

*Excerpt from the Bible of Leonard Frederic Nardin.*

For the discriminating man who demands the finest and most accurate timepiece . . . Ulysse Nardin has been the predominant and important factor in chronometer-watchmaking through five generations. In competition Ulysse Nardin Watch Co. has won more prizes and observatory awards than any other watch company in the world. Ulysse Nardin chronometers have been and are still being used by the U.S. Naval Observatory, Royal Dutch Navy, Imperial Japanese Navy, as well as the astronomical observatories of Washington, Moscow, Greenwich, Ottawa, Geneva and others.

**INCENTIVE SALES DIVISION**

## INCENTIVE PROGRAMS

It's easy to boost your sales—increase your business—improve efficiency—cut down costly accidents by use of merchandise incentives. Let us help you set up a program to fit your needs. A well planned program is designed to make money for you so the cost of the merchandise used should be but a small percentage of your extra profit. Use special prize catalogs, which we can prepare for you, illustrating gift merchandise with "point values"—no prices shown. The value of each point is up to you.

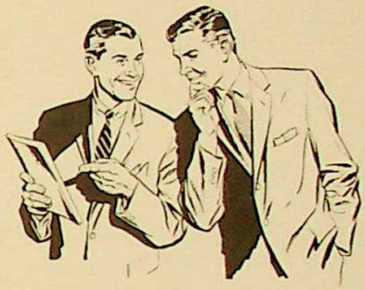
### *WHAT IS YOUR OBJECTIVE?*

***Increase sales of your products or services.***

***Get new customers.***

***Cut down on costly accidents.***

***Improve efficiency—cut down costly errors.***



***Here are some suggestions to help you accomplish your objective.***

### *TO INCREASE SALES OF YOUR PRODUCTS OR SERVICES*

Use one or more of the following plans—the details of which we will be pleased to work out for you.

**SALES INCENTIVE PROGRAM.** Offer desirable merchandise awards to your salesmen or to your dealer or distributor's salesman for selling your goods. These may be selected from inexpensive brochures or more elaborate printed catalogs specially prepared to illustrate the prize merchandise of your choice.

**PREMIUMS.** Offer desirable merchandise premiums to your dealers or distributors as an incentive to buy your goods. Use inexpensive brochures which we can furnish to illustrate and describe the merchandise you select.

**CUSTOMER AWARDS.** Offer desirable merchandise as an incentive for customer referrals. When your customer brings you a new customer who buys your goods or services he may have a gift of his choice. Use an inexpensive brochure illustrating the merchandise in the price range most suitable.

**CASH REGISTER RECEIPT "STAMP PLAN."** Easier and more appealing than trading stamps. All your customers do is save their receipts to earn the gift items they want.

### *TO GET NEW CUSTOMERS*

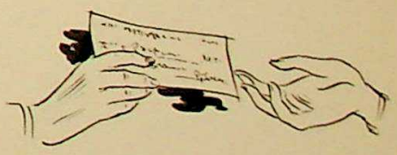
**PREMIUMS.** Offer desirable merchandise gifts to prospects as an incentive to buy.

### *TO CUT DOWN COSTLY ACCIDENTS*

**SAFETY AWARDS.** Offer valuable gifts to your employees who maintain a good safety record over a period of time.

### *TO IMPROVE EFFICIENCY*

**BONUS AWARDS.** Offer merchandise prizes for production efficiency.



**SPECIAL CATALOGS are available in almost any requirement.**

**INEXPENSIVE** 1 or 2 page brochures illustrating 10 to 20 items in the same price group can easily be prepared to offer a good choice of merchandise that would be very attractive.

**POINT CATALOGS** of from 4 to 32 pages illustrating selected items by price groups but showing point values—no prices. Here the prospective recipient collects points by selling—or by referrals—or by a safety record—or by buying your goods or services.

**The success of your program will depend largely on the selection of the merchandise and its prompt delivery to the recipient.**

We'll work with you. We'll show you how to determine the value of points and how to promote the idea. You purchase only the prizes that are earned. You carry no inventory. You pay wholesale prices. You'll increase your sales. We'll meet with you to work out the details on your program

*The simplest approach is to select several items from our catalog and just offer them as prizes. A more elaborate program may be planned by use of special catalogs with a wide choice of prizes. These prizes may be purchased after you have accomplished your objective. There are no limits to the ways in which this incentive catalog can serve you.*

SCIENTIFIC LIBRARY

U. S. PATENT OFFICE

Here is this year's collection of more than 6,000 gifts...

Once again it is our pleasure to send you your copy of the newest Bell "Gift Idea" book of pre-screened gifts for business giving...for sales incentives ...for presentations...for trophies and for resale. And all of them, as you know, are available at low prices to qualified firms such as your own.

Business Gifts. Many of the thousands of gifts we display in the catalog, and in our huge showroom and warehouse, are there as the result of the thoughtful replies we received when we mailed a questionnaire to top executives across the Nation...

Sales Incentives. Few things spark the efforts of salesmen more effectively than the offer of merchandise awards. Here is a veritable world of wanted prizes your sales force can strive for.

*** Your catalog shows your cost in code next to each illustration and description. The first page shows you how to read the code, which tells you the prices you pay. You can use the book by letting your men select their own prizes...the bigger the item the more they have to produce in extra sales.

Presentations. Presentations to employees, in conjunction with awards, meetings, special occasions, etc., are events that call for careful gift selection. You'll find what you want in the Bell book and at our local showrooms.

Resale. Selling to your customers directly from the Bell book saves you the investment of money and space in inventory. Sell first...then buy.

In our spacious showrooms you will see one of the most complete and best organized displays of wanted gift merchandise to be found any place in the country. Alongside the building, there are parking facilities.

Use your Bell book to choose the items you want. Fill out the order form and bring it to the showroom-warehouse. Pick up your merchandise and take it with you. No waiting for shipments. Handling methods...service to you...have been modernized to make them better than ever.

For company purchases, or for purchases made by you or your staff members through the company, you'll find countless advantages in making W. Bell & Co. your headquarters for gift buying.

Cordially,

Walter Bell
